## **Frequently Asked Questions Invoices**

**Q. When will our invoices be available?**

A. Invoices are generated on the 25<sup>th</sup> of each month and are available on the 26<sup>th</sup>.

**Q. Why do the invoices show different months?**

A. Invoices never reflect current dates. Health and welfare benefits, such as medical, dental, life and disability, are always billed for the coming month, or one month ahead. Because wage-based benefits, such as retirement and unemployment, rely on units reporting on actual wages earned, these invoice dates are always two month behind.
