

Speak Up for Human Life: As January 22nd marks the 41st anniversary of *Roe v. Wade*, it is important to be a voice for the sanctity of human life. One way to make a difference is by joining the Catholic Advocacy Network, an email system that allows members to promote policies in Michigan that protect human life from conception until natural death. In recent years, advocacy efforts have successfully led to the prohibition of taxpayer funding of abortion, the passage of abortion clinic regulations and a partial-birth abortion ban, and the allocation of funding for a program that provides women with alternatives to abortion. Sign up today and make your voice heard at www.micatholic.org/can/.

For Use: January 18/19-January 25/26
