Blue Vision℠ LASIK Program

Blue Cross Blue Shield Blue Care Network of Michigan

Blue Cross Blue Shield of Michigan believes that eye health is an important part of maintaining a healthy lifestyle. Members with vision impairments often use glasses and contact lenses to achieve good vision but these options may not work for everyone.

With **Blue Vision**, powered by VSP, you'll enjoy a safe and successful path to better vision with laser eye surgery. In addition to fully covered visits to your Blue Vision network doctor before and after your procedure, you'll get special pricing on services from a VSP-contracted laser vision center.

Enjoy exclusive discounts for being a Blue Vision member

Blue Vision offers special pricing with participating centers, which means up to hundreds of dollars in savings for you.*

- Get an average 15% off the regular price or 5% off the promotional price from VSP contracted facilities.
- You won't pay more than:
  - $1,500 per eye for photorefractive keratectomy, or PRK
  - $1,800 per eye for LASIK
  - $2,300 per eye for custom LASIK, custom PRK, or bladeless LASIK.

Using your Blue Vision benefits is easy

- Visit **vsp.com** to learn what to expect during your procedure. If you don't have a provider yet, you can also find a VSP network laser vision doctor and confirm your eligibility.
- Make an appointment with a participating VSP network laser vision doctor to schedule a complimentary screening. If you're a candidate for laser surgery, your doctor will provide pre-operative care, coordinate your procedure with a contracted laser vision center and co-manage your treatment plan.**
- After your procedure, be sure to return to your VSP network laser vision doctor for post-operative care and ongoing management of the health of your eyes and vision. You may be able to use your Blue Vision benefits for non-prescription sunglasses to protect your eyes from the sun. Ask your doctor for details.
